Filtering a webpage In a webpage, there are a lot of lines which are repeated in the javascripts. I want to eliminate all the repetitions and make it as a list.

Anybody have idea on how to do this? Thank you, A: You could use a regular expression and replace it with an empty string: var str = ""; str =

str.replace(/gmi, ""); What this will do is to remove all occurrences of from the string. // Copyright (c) 2020 Uber Technologies, Inc. // // Permission is hereby granted, free of charge, to any person obtaining a copy // of this software and associated documentation files (the "Software"), to deal // in the Software without restriction, including without limitation the rights // to use, copy, modify, merge, publish, distribute, sublicense, and/or sell // copies of the Software, and to permit persons to whom the Software is // furnished to do so, subject to

Honestech TVR 2.5 is

one of the most versatile free video capture and recording program for Windows. It can be used to capture video or audio from various devices which has both analog and digital output. The best way to experience the program is to go on the official website which provides a download button that take you to the official download page of Honestech TVR 2.5. Once you download the program you can run it and it will scan

your computer and then you will be able to do the following. The first thing you will want to do is explore your computer using the built-in search feature. There you will see all of the devices that are available. From there you can use them to record or preview audio or video. The program supports a wide range of devices such as Panasonic, Philips, Canon, Sony and more. It also has an internal video camera and audio

capture ability. You can record any kind of video or audio that is available. Some of the video that can be recorded using this program include websites, live streaming, TV shows, videos from internet and others. Also you can make your own videos and audio files using this program. You can save these videos in AVI, MPG, MPEG, MP4, WMV, MPEG, MOV, DV and others. You can also freely play these videos

and audio files using
this program. You can
use it while you are
working or playing
online games. There is
also a DVD recorder
application for this
program. This will allow
you to record any DVDs
and play them later. You
can also record the
content on your
computer. It is very
easy to use and
