Elden Ring Features Key:

In-Game Items - You start with three gold items and three dungeons for each character, and can freely choose the best path for you.
Character Development and Dynamic Equipping - Create your own character with various combinations of strength and various skills, and then freely equip each item in order to design your own detailed weapons, armor, and magic.
Development of Characters - When you fail to clear a dungeon, you can use the items you have equipped to roll your experience, allowing you to improve your skills.
Alternative Age System - Create a character according to your personality and play style, and settle into a new world. In this world where you can freely choose your own destiny, all your successes are rewarded through even bigger growth.
Eyes of Elden*9 (Early Play) [Preview] - In early play, you will be able to scour the vast open world to learn all the secrets of the Lands Between.

The play style of Elden Ring is generally thought to be a combination of RPGs and action games. In this world where you can freely travel and develop the ability to attack, the power of your character can adapt to battles, and your curiosity to explore is your most powerful strength. Elden Ring is also designed so you can play a deep and fun story, and eventually play online multiplayer with other players. This is a fantasy action RPG with a huge world where the battle method has one feature, and attention to your growth.

***9 Eyes of Elden features include:**

- Level Cap - You can progress your character's skills and stats while increasing their physical and magical power. When you surpass the level cap, you can spend your hard

When you start the game, you will quickly become accustomed to the new control scheme. *You can press the action button to perform a combo, and press the attack button to use magic. Depending on your preference, you can simply mash the buttons. □ If you press the action button, the combos will be drawn by your character automatically. *You will have to regularly use the combination commands, and the commands will be displayed over your character. □ You can select any of the combinations you have learnt, or look at the cost of each command on a small window when pressing the action button. *You will also have to use the automatic guard command to shield yourself, and the automatic dodge command to dodge out of the way of enemy attacks. *You can freely change the setting for the Magic Scroll command, automatically drawing a scroll when the Red or Blue magical power meter fills up. (there are three types of Magic Scroll command) □ You can also draw Magic Scrolls that have a preset effect. *You can use the Auto Cast command to automatically cast spells on your character. The character will search through a list of spells, and you can select a preset effect. *The Magic Scroll effect can also be automatically changed depending on your character's level or the magic power, or you can enter your own conditions. *When you use a Magic Scroll, the number of turns it takes before it becomes available will increase and decrease depending on the power of the scroll. *You can use a command to instantly cast a spell when the targeted action button is pressed. *You will also have to use the Exhaust command to recover HP and to gain EXP when the HP bar is filled up. *When a specific condition is met, there will be random events that will allow you to gain special EXP that can be used to grow a Skill. The EXP will be displayed on the character, and you will have to collect all of the EXP needed to raise the Skill. *A character's Skill level will grow as the character levels up. *You can also enhance Skills with Skill Books. *In addition to Skill Book enhancements, in the event that you have mastered the mastery of skills that you have been practising, you can also learn a new technique. □ Please note that skills that are mastered will not be added to your inventory when it is searched. Skills that are mastered will only be present in the
