Rising up to become an Elden Lord, the player character has fallen to the depths of despair. The spirit guide who gave birth to him has disappeared. Tarnished by the inexhaustible and implacable force of the malevolent world, he is weak and trapped. The only way to recover his strength is to become an Elden Lord. In a world in which the gods are encircling them, they have lost all belief in divine law and blinded themselves to the world. The world is nothing but a prison for them. "They have forgotten all rules of humanity, but when they forget it, I can tell them it's time to remember it." Such was the spirit of Elden. In the heart of despair, like in a mirror, he could recognize his own true self. Hence, his name, "Tarnished." During this journey, you will encounter the world of the Lands Between. You will see a world where the gods have lost their memories and forgotten the rules of humanity, and a world where the world before the divine order has crumbled. In this world, mysteries are inscribed on the faces of the most beautiful things. However, the protagonist, Tarnished, did not know at first. He became a gambler and made an "innocent" bet of his life. In the game, Tarnished will experience a story of the fantasy world, the Lands Between, and the bonds of love in the world of desire, in a way never realized before. Key Features: 1.Story of The Lands Between There are multitudes of the Lands Between. In a word, the Lands Between is the world of beauty and love. Like the world before the divine order, it is a world of lies and illusions. The Lands Between is a world that has been completely consumed by the malevolent forces. God and humanity have become one. Therefore, the Lands Between is a world that has lost all memory of the divine order. It has forgotten the order of the world and discarded the law of humanity. Thus, it is a prison for people who are blind to the truth. In such a world, the glory of life burns no longer. This is the eternal yearning of the Lands Between. In fact, after the divine order was destroyed, the Lands Between was completely annihilated. A
